THE PROGRAMME

Flexible paid summer apprenticeship for university students in the area of private wealth management. Through the apprenticeship programme, university students will gain experience across a range of functions in the private wealth management industry, leading to a potential job offer upon graduation.

The aim of the Programme is to provide university students with "front-to-back" experience in the private wealth management business. Successful applicants will have the opportunity to learn about different investment products, client services, risk management, compliance and internal controls. The experience gained through this programme will provide students a solid foundation for a career in the private wealth management industry.

WHY WEALTH MANAGEMENT

Rapid economic growth in Mainland China and the rest of Asia over recent decades has created a burgeoning demand from individuals for professional wealth management services such as financial planning and investment portfolio management. Hong Kong is extremely well positioned to capture this business given its status as a regional business and financial services hub.

To promote the role of Hong Kong as a world class wealth and asset management hub by growing a sustainable talent pool for the industry, private wealth management firms in Hong Kong need talented recruits who can be trained up for positions responsible for managing client relationships and offering investment advice, as well as managing the business, ensuring regulatory compliance and controlling risk at the firms providing these services.

The following member institutions of PWMA will employ around 50 apprentices. Please note the specific programme duration for each participating firm.

One Summer:

- Bank Julius Baer & Co. AG
- Bank of China (Hong Kong) Limited
- Bank of Communications (Hong Kong) Limited
- Bank of Singapore Limited
- Banque Pictet & Cie SA, Hong Kong Branch
- CA Indosuez (Switzerland) SA
- DBS Bank (Hong Kong) Limited
- Deutsche Bank AG
- EFG Bank AG
